Mardi Gras attracted all of the attention in Mattapoisett last Saturday night. The affair was sponsored jointly by the St. Anthony's and Congregational Church Couples Clubs. On the cover we sample a few of the many original costumes at the dance.

Left hand photos - upper - Nora and Murray DeCoffe as angel and gaucho; center, Dr. Clayton and Ronnie King as clowns; lower, Evelyn Pursley, birthday cake; Donald Dufour, Tonto, and Muriel Dufour as squaw. Right photos - Norma Campbell, gypsy; Bill Campbell as Charlie Chaplain, Mrs. John Rogers of Fairhaven; center - Pat and Paul Pakos as clowns; Russell and Claire Bessette as pop corn bag; lower - Little 'Ole Wine Maker, Sue McGowan; Paul Pakos, clown and Jackie Bertrand as the grapes.

Joyful Mardi Gras

MARDI GRAS A HUGE SUCCESS

St. Anthony's Church Couples Club and the Congregational Church Couples Club of Mattapoisett held a very successful Mardi Gras Costume Ball on Saturday night at the Knights of Columbus Hall. Decorations followed the Mardi Gras theme with colorful masks, streamers and balloons. The highlight of the evening was the crowning of the King and Queen of the Mardi Gras. Donald Dufour dressed as an Indian was

be controlled. What is wrong? Why ARE our taxes so high? Is the amount of money we are spending absolutely necessary? Let's find out! The taxpayer should be aware of how all his money is being spent. The first step is to thoroughly investigate the School Budget which is the major part of our taxes. Let's see everyone in Mattapoisett take the big step into this "Tax concern" by being present at the Open Meeting in the cafeteria of the Old Rochester Regional High School at 7:30 P.M. on Thursday, February 25th. This is the only way we can express to our school administration our unhappiness.

At this time of inflation, isn't there some way they can live a little more within their means then to increase this year's budget approximately 15%.

In defense of the school addition - Does this Town realize that the flow of increased

still unoccupied area. It will surprise you how much land is available. Also investigate this town's growth in the last 10 years. It scares me! Possibly Town zoning should be looked into again.

With this population increase there will be a dire need for every available space in our schools. At this time we must build to the capacity of these schools, then plan for increased efficiency in the use of our classrooms.

Whatever the answer, we - the Townspeople - must decide soon. Let us make absolutely sure that we are spending our money on absolute necessities and one of these necessities is adequate classroom space.

Dorcas M. Layport

LETTER TO THE EDITOR

Presto is to be congratulated for succinctly presenting the facts regarding the proposed addition to Old Hammondtown School. The fact that the voters turned the proposal down should not be interpreted as a condemnation of the School Building Needs Committee. We are aware that this com-

Trying to come out ahead on income tax? There's the illegal way. But it has its drawbacks. Then there's GAC Tax Returns. A GAC tax preparer does your return for you...and guarantees the accuracy. And, he'll help you claim the deductions and exemptions you're entitled to—which could save you more than the cost of the service. Just bring your tax records—cancelled checks, receipts—to your nearby GAC Tax Returns office for an accurate return...the legal way.

Help a shut-in. Ask a neighbor who is temporarily "grounded" if you can pick up any groceries for her.

Keep a calendar handy showing the birthday of everyone you like and send cards.

If you wheel a shopping cart from the store to your car—return the cart.

Contribute to the Muscular Dystrophy Association, 1790 Broadway, New York, N.Y. 10019, which estimates that 200,000 Americans, two-thirds of them children, are now afflicted with this disease.

For a free button that says, "try a little kindness," send your name and address to Corporate Services Dept., Clairol, 345 Park Avenue, New York, N.Y. 10022.

mittee did spend a tremendous amount of time on a volunteer basis to present a proposal for voter approval and a sincere thank you for their effort is in order.

I recall after shortly moving to Mattapoisett in 1952 two topics of prime importance being discussed. One was the utter hopelessness of our Town Hall. We were told that there was absolutely no way that the facility could be improved upon. Various sites were suggested but as usual there were many pressing problems and no action

was taken. I would suggest that you step inside Town Hall and see the refurbishing job underway. The location, the seasonal trim says someone cares and certainly this "antiquated" structure adds to the quaint atmosphere of our community.

Secondly, there was a plea that we needed police headquarters. One need but step inside to see the improvements, much accomplished on a volunteer basis, which are quarters in which we might take pride.

In my short span of residence, I have seen these two overwhelming problems resolved. I think it reasonable, that as thinking people, a solution will be found as to our school facility.

We are constantly being told of the vast changes in the educational field. One that was recently aired is the contract agreement for teaching professionals to come into a system, teach a specified course with a guarantee for results. This might be an area which our school committee might investigate.

To hold the line on our tax rate is not

FRANK J. LINHARES

CANDIDATE FOR BOARD OF HEALTH

The time for a change is here. We need younger and more active members on the Mattapoisett Board of Health to act upon the now present and increasing problems of pollution. The town's natural resources should be first in importance to the residents of Mattapoisett. Our beaches, marsh and shellfish areas and watershed must be kept free from pollution. Those areas which may already be contaminated should be restored to their natural state as soon as possible. This will require interested individuals and members of the Board of Health to accomplish anything.

I have been in the construction business for more than ten years -- one aspect of my experience has been the installation of sewage disposal systems. Making a system work on paper is not the same as making it work in actual construction. I was born and raised in this town, attended Mattapoisett schools and Fairhaven High School, and quite naturally have a continuing interest in the future of Mattapoisett. I am self-employed in the construction business and am also the owner and operator of Frank's Package Store located in this town.

I earnestly solicit your support at the polls on Election Day,
March 2nd. Thank you.

contrariness. Too many in our community are on fixed incomes or are trying valiantly to educate children with spiraling costs. It is time we use plain common sense.

Winifred I. Burnham

New Thought Needed

Editorial, D.C.J.

To date, our school building program is based on the Mattapoisett Master Plan. It lies on the desk of our committees for frequent reference. I believe that plan is a blueprint to disaster. If the projections in this plan become fact, this town will be wall-to-wall houses like a giant Levittown.

DRY CLEANING - FINISHED LAUNDRY - SHIRTS
BY HATHAWAY LAUNDRY, INC.

On our present course, we have constructed the regional Old Rochester, the elementary Old Hammondtown, are building a regional junior high school and considering an addition to Old Hammondtown - all in the span of 10 years. The School Building Committee foresees the need of a new school, after the addition to Old Hammondtown, only 5 years after the completion of that addition.

No town can continue to build and staff schools at this rate and this is why. Our source of financing schools is the home owner. Our zoning law practically guarantees that no industry or businesses (which are classed as industry) will consider building here. This is because the area set aside for them is undeveloped land without access or utilities. Present business in town, for the most part, is unable to expand because of set-back restrictions. There is no help, in the near future, from business. So, we depend on the home owner for funds completely. To say to this home owner, "if you don't like the taxes, then move out of town" is not only morally wrong but is bad business. People born here, who grew up here, who built Old Hammondtown and support it, who built Old Rochester and support it, who love Mattapoisett, have a right to expect to have an opportunity to live out their lives in this town. Leaving all that aside,

retired people, summer people and people past their peak earning years carry most of the financial load because they demand nothing from the school system. To force out these people is very bad business practice. If taxes rise beyond the toleration point for the 40 to retirement age group, the burden will topple the rest of the home owners. More than half the tax dollar goes to support the school system. Let's say a family pays a \$1,000. tax and has one child in school. It takes almost \$1,000 to support 1 pupil at Old Rochester for one year. Half of the \$1,000. goes to support that one child and the rest comes from one childless home paying the same tax. A home with two children requires three childless taxpayers to support these children in school. A three-child home requires five childless home owners to support the three children. At a \$500 real estate tax level the ratio is even more startling. At a \$500. tax, a one child family requires the support of 3 childless taxpayers. At \$500. a two child family requires the support of 7 childless home owners. At \$500. a three child family requires the support of 11 childless home owners. At \$500. a four child family requires

the support of 15 childless home owners. All these figures are based on the approximate cost of maintaining a student at Old Rochester but they do illustrate the ratios involved.

That's why the town needs the summer home owner. That's why the town needs its older home owners. There is trouble in river city if you kick these people. The young families NEED the older families. In fact, they can't live here without them.

day, we were told not to worry about building another new elementary school in 1978, after the Old Hammondtown addition is completed, because we will then have 450 new home owners to share the cost. That's great to look forward to provided each one of these owners never has any children.

450 new units at a \$1,000 tax will be able to support 225 children in Old Rochester (at today's costs) provided they don't have any children. Can the Master Plan shed any light on this projection? Is Mattapoisett about to become the retirement mecca for the nation?

Let's not kid ourselves: We need a balance of young families, with children, together with older families, with no children, to help support them in school. We must accept the fact that we cannot continue to build new schools at the present rate because, trying to solve the problem by building new schools, is like trying to make money with a chain letter. It multiplies out of control because there aren't enough people to pay.

Methods must be found to increase the use of school buildings, classes must return to a reasonable ratio of student to teacher,

necessary school construction must be economical enough to be borne and the school administration must be made aware that in the real world where the taxpayer works, there is no automatic pay hike when the cost of living soars. In the world of business, the opposite is true and that's where the guy, who pays the bill, struggles.

It's a shame that highly regarded, hard working people on our School Building Committee were forced to come to the townspeople and present one package, dictated by the requirements of the State on a take it or leave it basis. It is unfair to handcuff people to State bureaucracy and expect a flexible solution. On the State level,

they have complete confidence in our tax paying ability - a view long shared by school departments.

There were many good suggestions at the Special Town Meeting. By far the best was that of Mrs. James L. Single who suggested that the school be built in sections, as needed. She suggested that we use local contractors and forget the State. If this is now impossible, if we are so controlled by the State that we are not allowed to act as a town, it is time that we knew it.

Demanding Drama Due

THE STORY OF "WEST SIDE STORY"

Here are the facts: "West Side Story": Based on a conception of Jerome Robbins, book by Arthur Laurents, music by Leonard Bernstein, lyrics by Stephen Sondheim. To be presented at Old Rochester Regional High School the evenings of March 18th, 19th and 20th...entire production staged by Mrs. Nancylee Gaucher, musical direction by Gary Thomas.

Here is the legend: "West Side Story" deals with an apparently parochial problem, New York City oriented, about violent racial conflict. However, since this musical play was first conceived nearly twenty

ON BEHALF OF THE CANDIDACY OF

GEORGE S. WHITE

FOR SELECTMAN

We wish to comment on the candidacy of George S. White for the office of Selectman for the benefit of those many new citizens in the town who are not acquainted with his long and excellent record of service to the community. George White served as a selectman of Mattapoisett for 20 years during the period of 1948 through 1968. During that term of service, George White earned and won the respect of all, even those with whom he disagreed, as a person of unimpeachable honesty -- forthright in all of his dealings -- and willing to speak and defend his views on their merit. He demonstrated a continuing concern for the welfare of all of the citizens of the community; to his task, he brought native ability, enormous energy and a broad experience.

We urge those of you who are not acquainted with George White to enquire his reputation among those who have known him over the years and then to vote as your conscience dictates.

years ago, the very same problem has been cropping up increasingly around the country, coast to coast, in cities of such diversity, that even our own immediate city of New Bedford could actually qualify as a realistic setting for "West Side Story".

Uniquely utilizing Shakespeare's "The Tragedy of Romeo and Juliet", as allegory, the creators of "West Side Story" base their plot on a dreadful, diabolical conflict between two different ethnic groups. Shakespeare called his fighting factions the Montagues and the Capulets. In "West Side Story" the opposing gangs are called "The Jets" and "The Sharks".

According to Shakespeare, Romeo Montague encounters Juliet Capulet and they instantly, intensely, irrevocably fall in love, despite the awful antagonism of their furiously feuding families. Thus, a tragic, passionate tale enfolds.

So it is in "West Side Story". Tony of the Jets suddenly meets Maria, sister of the Sharks leader, Bernardo. They are magically, magnetically, marvelously met. Tony and Maria are immediately in love with each

other, despite the horrendous hostility seething between their individual ethnic groups.

Here is an honest report: In a pure technical sense, the presentation of "West Side Story" is unquestionably the most ambitious endeavor in the auspicious history of Old Rochester's annual musical productions. The basic story plot, the dialogue, and the lyrics are the most sophisticated and literate of any show ever offered on stage at ORRHS. Musically speaking, Leonard Bernstein's brilliant "West Side Story" score is the most difficult undertaking to date, for both the orchestra and vocal

contingents of the show.

The most ambitious aspect of all is the choreography entailed in this show. When "West Side Story" first opened on Broadway to critical reviews of "excellence", special mention was made of the extraordinary fact that the art of symbolic dancing is featured in nearly every single scene of this play.

It is obvious that musical director Gary Thomas has a most difficult period of exacting rehearsals with which to contend.

As for Mrs. Nancylee Gaucher, who is staging the entire production, one must marvel at her calm and good natured aspiration. To attempt a production of this very demanding, dramatic work at Old Rochester Regional High School, with an enormous cast of eager, hard working, but virtually untutored thespians, is an admirable endeavor indeed!

Mark the "West Side Story" production dates on your calendar now - March 18th, 19th and 20th.

FORAM

FORAM SEEKS SUPPORT

"West Side Story" director Mrs. Nancylee Gaucher, and music conductor Mr. Gary Thomas, discussed with members of FORAM at a recent meeting production plans for the musical play which is to be presented at Old Rochester Regional High School on March 18th, 19th and 20th.

FORAM president Mr. Charles B. Dunn announced that February 22nd will begin the annual fund drive for the "West Side Story" show program sponsors and patrons.

Tri-town "sponsors and patrons recruiting chairmen" are Mrs. Clarence Fountain in Mattapoisett, Mrs. Calvin Allyn in Marion, and Mrs. James Gurney in Rochester. These chairmen and members of their committees will be contacting as many area residents as possible, soliciting support for this important aspect of the production.

Proceeds from this traditional sponsor-patron drive pay the cost of printing the programs and serve as a source of revenue

Open: 9-6 Daily; Thurs. & Fri. 9-9; Saturday 9-5

Dr. David Goodenough of Mattapoisett as speaker. Dr. Goodenough's talk on the meaning of penitence and confession will follow a pot luck supper at 6 P.M. A service of Holy Communion in St. Gabriel's Chapel will follow at 8 P.M. with the choirs of all the Marion churches leading in the singing of hymns.

The series has been arranged by a recently formed Marion Ecumenical Council, made up of representatives of the community's churches and their pastors.

On Friday, March 5th, the service will be incorporated with the observance of World Day of Prayer at 7 P.M. in the First Congregational Church. The program will be over by 7:45 to permit those who wish to attend the Regional Band Concert at Old Rochester Regional High School. For those who wish to stay, light refreshments will be served at a fellowship hour in the Congregational Chapel.

Subsequent meetings will be held on Wednesday nights from March 10 through April 7, with pot luck suppers at 6 P.M. at all except the final program. There will be no charge for any of these suppers. The host church supplies the main course and the other participating churches the salad and dessert.

On March 10th, following the supper at

Young women in the business field and prospective junior and senior volunteers are especially invited to hear Miss Aurora Zola, business education director at Plus Kinyon School of Business, speak on the subject "Stepping Stones to Better Jobs", at the monthly training meeting of YWCA USO Junior Volunteers on Tuesday, March 2nd, at 8 P.M.

Where are you headed? What do you expect from life? Are you just shifting from job to job until you meet your future husband? These topics and other related ones will be discussed by Miss Zola and also a review of her last month's subject, "Your Image".

Currently Miss Zola is attending Bridgewater State College working toward her Masters Degree in Education.

Jr. Mrs. Beatrice J. Guilmette is chairman of Commercial Exhibits that include the business and industrial displays that will again occupy the gymnasium on the main floor of the YWCA.

Mrs. John Valerio, in charge of food service, will provide hot meals and snacks both days. Co-chairmen for international exhibits are Mrs. Dwight L. Baker and Mrs. Henry R. Groebe. Non-commercial exhibits covering hobbies, civic displays, special interests and collections will be in charge of Mrs. Pearl Horsfall, chairman; Mrs. Ralph C. Johnson and Mrs. Charles F. Cafferty, co-chairmen.

Mrs. Albert Waddington is chairman of Ecumenical exhibits. Chairmen of publicity and tickets are Mrs. Edward F. Sears and Mrs. John Drinkwater, respectively. Entertainment programs and demonstrations occurring periodically in the gymnasium will be in charge of Mrs. Anthony Karalekas.

Based upon the attendance of previous years, it is anticipated that more than three thousand interested viewers will attend the show.

MICHAEL J. HICKEY

CANDIDATE FOR
BOARD OF HEALTH

**TIME IS
RUNNING
OUT**

Sewage is a dirty word, but let's not turn our backs on it. It is the prime pollutant and destroyer of our natural resources.

The key to Mattapoisett's attractiveness is its natural resources; its river, beaches, marshes and shellfishing. If Mattapoisett is to remain the Mattapoisett we are all so fond of, action must be taken now to prevent the additional pollution of these areas which are already being threatened.

With the support of you, the voters of Mattapoisett, I would like the opportunity to put my education and working knowledge in engineering to use, for the Town, in an attempt to prevent further destruction of what helps to make Mattapoisett such an enjoyable place in which to live.

School Addition Rejected

The start of the Special Town Meeting was delayed for more than half an hour as a large turnout of voters registered for admittance to Bristol auditorium Wednesday night. Approximately 600 voters attended the session.

Moderator Donald Fleming called the meeting to order shortly after 8 P.M. Mr. Joseph Travis, chairman of the Building Committee, presented the background leading up to formation of the committee consisting of Mr. Travis, Sandra Perkins, secretary; John Gannon, treasurer; Donald Chase, vice-chairman; William Hubbard, David McIntire, JoAnne Demski, Dorcas Layport, Donald Linhares, alternate; advisors, Dr. Joseph C. Kunes, superintendent of schools; John Moynihan, principal; and Paul Alves, School Committee member. He explained that each member had originally started with the intention of utilizing space in the present school buildings but that after investigating possibilities had reluctantly concluded that an addition to Old Hammondtown was the only answer to the overcrowding caused by the increasing elementary school population. He said that statements about the renting of space at Old Hammondtown to other towns had originated at the time that the Middle School was under consideration. The moving of the fifth and sixth grades to the Middle School would have left room at Old Hammondtown. This would not happen with the Junior High School and so the extra room would not be available. He explained that the library room was in use at the school as a classroom and that the school designed for 250 pupils was accommodating 300. He described the proposed addition which was designed as a separate building to save on insurance rates. It is planned to be connected to the present building by means of glass corridors enclosing a central courtyard.

The proposed addition would cost \$910,000 and Massachusetts would reimburse half the cost in yearly installments over the life of the ten year bond issue.

He said that the cost for the first year would be \$4.05 per thousand on the Mattapoisett Real Estate Tax.

After Mr. Travis gave his presentation the voters were asked for questions and comment. From the first comment, it was apparent that the voters had done much thinking about the situation facing the town. In his presentation Mr. Travis had explained that the addition would be adequate for only 5 years at which time a new elementary school would have to be built. Mr. John Drury rose to express his opinion that a new approach must be made by expanding the use of educational facilities. He said that now was the time to force the educators to consider new methods that are now under consideration throughout the country. He suggested that a study be made of year round school overlapping sessions or double sessions, if necessary. He expressed the opinion that the town could not continue building schools at the present rate and that nothing would be considered if the town continued to vote new building programs every time asked.

Mr. Harold Banks, original member of the Old Hammondtown Building Committee, presented a statement in which he expressed the view that the economic situation of the area, the need at present and the strain on the limited resources of the town made it unwise to add this new addition at this time. (See below for this report.)

It was asked that the committee give a cost breakdown on the classrooms. The answer was that the rooms would cost \$40,000 each for a 32' x 72' area. The gym was to be an adult size gym at a cost of \$140,000. Mr. Jeffrey Riley rose to point out that no provision had been provided for showers for the gym. He expressed skepticism that the gym would be of practical value unless it was built with showers. Mr. Travis explained that showers had been eliminated because of the cost and that the original gym had been a requirement of the State for the elementary school children and had been expanded to adult size at an additional \$50,000 at the request of the town Sports Committee. Mr. Carl Nelson ex-

plained that the Sports Committee had plans to change its name and launch into a greatly expanded program. It was pointed out that adult gyms were available at Old Rochester, the Congregational Church parish hall and that one will be built in the new Junior High School.

A question was asked about the total cost to Mattapoisett of the addition. It was learned that Mattapoisett would have to hire the entire amount of the bond issue at estimated interest of 4%. The total of principal plus interest - less the state installments would come to an estimated \$725,000. --- instead of the total of \$455,000. as stated on the brochure.

It was pointed out by the committee that Mattapoisett would be likely to get a 50% share from the state because this is a depressed area. Otherwise the state would pay 40%.

The vote was by secret ballot and was defeated 230 against and 155 in favor. A 2/3 vote was needed to carry.

The voters favored a motion to continue the present Building Committee in office.

A Citizen's Thinking

There were many excellent statements made and points brought out at the special Town Meeting called to consider the Old Hammondtown addition. Mr. Harold Banks made the following statement and has very kindly agreed to let us publish it. Many people are doing constructive thinking about the school system and the impact of its mushrooming cost on the community. We think that this focus of thought is in the best interest of the town and is democracy at its finest. Unfortunately, common sense is a lost trait among all government levels above the town meeting. Only there, is there rational consideration of the public need and the public means.

My name is Harold Banks. I moved to this town in 1948 and over the years I have watched the town grow in many ways. I have been happy to serve the town - on its Finance Committee and on the Building Committee of the very school we are gathered

here tonight to discuss. After spending considerable time in research, and after considering the overall structure of the town's present and projected expenses, I feel this requested addition is not in the best interest of the town and its education.

We are a "bedroom" of New Bedford and as the economy of that city goes, so also will the town of Mattapoisett be affected. As New Bedford slides downhill and jobs disappear, some in this very room will be leaving Mattapoisett for economic and opportunity reasons in the near future. The trend in this area is not going to change in the very near future, and I do not feel that the projected growth, based on past performance, is realistic. As a matter of fact, there has been a slight decrease in our school enrollment since the beginning of this year.

Not counting the interest and debt payment on the Elementary School buildings now in existence, Mattapoisett is going to be asked for over \$1,000,000 to operate the present school system next year, including the elementary schools and our proportionate share of the Regional High School. This is far beyond what should be required if a good look would be taken by the proper parties. It may interest you to know that a short five years ago, the cost per pupil was approximately \$560.00 per year. Next year this will be well over \$925.00, a figure obtained simply by dividing the number of Mattapoisett pupils into the budget requested. How many of your incomes have nearly doubled in that time?

I am not against spending money for education - I even like motherhood, children - just not apple pie - but I do believe spending over \$1,000,000 a year for a town like Mattapoisett with less than 2,000 taxable units or the equivalent of \$500.00 per unit does say to me we are not doing an efficient job. We must remember bricks and mortar or large sums of money will not give your child a good education. I again say with proper planning by the School Department and its employees there is no need for this addition. Twelve new classrooms mean twelve new teachers, supplies, custodial care, etc. Our Superintendent of Schools is about to receive \$24,000 per year and for this I feel with his Board he should be able to solve his so-called problem without new buildings.

We are already committed to the building of a \$2,400,000 Junior High School of which our share is \$1,152,000. Old Rochester Regional now has 85 teachers of various kinds - their enrollment is 1,034 - if my division is correct that is an average of twelve plus per class.

Regional Open Meeting

OPEN MEETING AT OLD ROCHESTER TO DISCUSS BUDGET AND SCHOOL OPERATIO

An open meeting will be conducted on Thursday, February 25th, at 7:30 P.M. in the cafeteria of the Old Rochester Regional High School for those residents in the school district. This open meeting will concern itself with questions pertaining to the annual budget and the opportunity to discuss operational procedures and comments rela-

World Day of Prayer

WORLD DAY OF PRAYER TO BE OBSERVED BY MARION CHURCHES

Preparations are now being made for the annual celebration of the World Day of Prayer in Marion. Representatives from the First Congregational Church, St. Gabriel's Episcopal Church, St. Rita's Roman Catholic Church, and the United Methodist Church are planning for this event to be held on Friday, March 5th, at 7 P.M. at the First Congregational Church, Marion. On this day, church men and women in 25,000 communities in the United States will unite their prayers and hopes with parishioners in 155 countries on six continents to affirm

faith, hope and love in facing the issues and needs of today and tomorrow.

A children's choir directed by Mrs. Thelma Ostenfeld is beginning rehearsals this week in preparation. The theme, "New Life Awaits", will be the subject of a message by Reverend Edward F. White of the Rochester Congregational Church.

This evening will be a unique opportunity not only to worship with fellow Christians in Marion, but to be a part of a world-wide observance which has been renewed each year for over eighty years. So, please come and join in the celebration.

Local women planning for this event are Mrs. Paul Maker of the United Methodist Church; Mrs. Robert Lowery and Mrs. Herbert Lyons of the Congregational Church; Mrs. Katharine Nowak and Mrs. Joseph Burke of St. Rita's Catholic Church; and Mrs. William Antulonis of St. Gabriel's Episcopal Church.

HOURS: MONDAY THRU FRIDAY 9 to 5. SATURDAY 11 to 5. 758-3384

Thursday night with Herbert LaFleur, Pomona master, and his officers conducting the meeting.

A report was given by Mrs. Olive Gifford on the Home and Community Service work, by Mrs. Mildred LeBaron on the successful whist parties held in her home. She also reported on the Fair Committee meeting held Wednesday, February 10th. Members are asked to start collecting items for the gift table, children's table, white elephant table and post office barrel. In this way the last minute hurry can be avoided. A fine Conservation report was given by Mark Harris. The worthy matron, Doris Fearing, reported on her work with the Juniors, especially the growing attendance. She is planning the postponed hay ride for March 12th and asked for parents or Grange members to serve as chaperones.

Honored guests were Deputy Ashley, a

member of the State Youth Committee; Frank Jefferson, Robert Ouellette, president of the Past Masters' Association and Pomona overseer; Manuel Roderick, representative. Visitors were present from Rochester, Marion, West Wareham, Fairhaven, Acushnet and South Middleboro.

The lecturer's march was won by Miss Fearing. A paper bag auction was conducted by Mark Harris to a most responsive group for the benefit of the treasury.

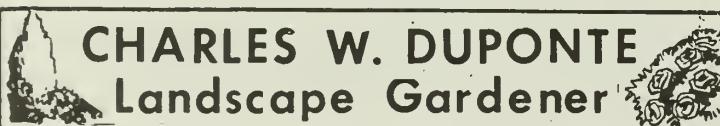

Delicious refreshments were served by Margarite Vaughan and Mary Costa.

At the next meeting, Thursday, March 4th, Mr. Leonard Burnham of the Sippican-Burnham Nursery will be the guest speaker.

Anyone wishing to purchase a Grange cookbook, please phone the master, Mrs. La Fleur, Acushnet, 995-3658; or the lecturer, Mrs. LeBaron, 758-2593. The books are for desserts and popular casseroles. All recipes are by Grange members in the nation.

SPEAKER WILL DISCUSS CHINA AT Y.W.C.A.

"China in the 1970's" will be the subject of Dr. Tao-chen Hsia, a native of China who has studied in China, Japan, France and the United States and has traveled extensively throughout the world, will be guest speaker for the Cosmopolitan Group Friday, February 26th, at 8 P.M. Dr. Hsia
